

Mission Statement

Our vision

The Terrace Bay Public Library will enable our community to become a skilled, educated and empowered population by providing equal access through the provision of materials and electronic technology support services that are cultural, informational and educational and which meet both recreational needs and enhance life-long learning.

Values

We continually value the need to co-operate with other libraries in networks and to share resources.
We value playing an active role in making the community aware of our resources and services.

In Summary

Our vision looks to making certain that our Library serves the community and works to expand our existing services while retaining the traditional strengths and values.

We must work to ensure that the public knows what we offer.
The library staff, the use of technology and the awareness of tradition make us unique.
